## **Butterfly Hike at Kankakee Sands**

Saturday, July 1, 2017  
9 a.m. - noon (Central Time)

Join The Nature Conservancy's John Drake on a hike at Kankakee Sands to learn about the butterflies that flutter over Kankakee Sands, as well as how you can be part of the Illinois Butterfly Monitoring Network ([www.bfly.org](http://www.bfly.org)) and collect important data on butterflies.

During the field trip we will be recording the butterflies of Kankakee Sands for submission to the Illinois Butterfly Monitoring Network.

The event is open to all ages and abilities. The hike will take place along a mowed path through the prairie.

RSVPs for the field trip are required.

Contact Alyssa Nyberg at [anyberg@tnc.org](mailto:anyberg@tnc.org) or call (219) 866-1706 to RSVP.
